## Town Clerk's Report

From Jan. 1, 1920 to Dec. 31, 1920

Number of births recorded,	32
Number of deaths recorded,	25
Number of marriages recorded,	16

Respectfully submitted,

GUY C. NUTTER,

Town Clerk.

## Librarian's Report

---

To the Trustees of Stewart Free Library.  
Gentlemen:

I have the honor to submit the 22nd annual report of the Stewart Free Library covering the work of the year 1920.

Volumes in Stewart Private Library,	6,583
Volumes in circulating library,	7,128
Volumes added by purchase,	77
Volumes added by binding magazines,	52
Volumes added by gift,	27

---

Volumes in circulating library

Dec. 31, 1920, 7,284

The total circulation of the year was 12,349, an increase of 818 over last year. This comparatively small increase in circulation is due chiefly to lack of funds with which to purchase new books.

I find that the only way to increase circulation and keep the interest of the patrons is with new books. The purchasing power of our funds has been greatly diminished in the past few years.

Notwithstanding the increased cost of periodicals, the usual subscription list has been continued as before.

The library has been open for reading and circulation 112 days. The largest circulation in one day was 181, the smallest 57. The card holders number

617 The additions were 6 sets of pictures, 61 books of fiction, 37 non-fiction and 52 bound magazines.

The work in the children's department has been continued along the usual lines. Mrs. Velma Ross had charge of this department the first part of the year. It is under the instruction of Mrs. Thelma Brown.

Cooperation with the schools has been continued as in previous years. Considerable reference work with the school children was done during the past year. We feel that there is no better test of the library's service to the community than the steady growth of this work.

Respectfully submitted,  
EDNA A. HUTCHINS, Librarian.

## REPORT OF TREASURER OF THE BOARD OF TRUSTEES OF STEWART LIBRARY BUILDING

J. H. Mullen in account with Stewart Library Building:

Dr.

To amount received for rent		
of hall,	\$230	00
office rent H. D. Ridlon,	42	00
library fines and cards,	20	13
	—————\$	292 13

Cr.

By paid Guy C. Nutter, town treasurer,	\$	292 13
Respectfully submitted,		
J. W. MULLEN, Treasurer.		

## Report of Superintending School Committee

---

The Superintending School Committee of Corinna submits the following report for the year ending Feb. 1, 1921.

The following repairs have been made during this year:

At the Center school a small room has been made for a recitation room. This had to be done owing to such a large number of pupils which could not be properly taken care of in one room. At the Town Farm school the toilets have been remodeled and repaired. The toilet system at the Grammar school has been connected with the new sewer but can not be used until a water supply is obtained. The other schools have had minor repairs and all are in fair condition.

At the beginning of the spring term the teachers' salaries were raised \$2.00 per week and with this we are not paying any too much to secure the grade of teachers that we should have.

The town is very much indebted to the local Red Cross organization for the work it has done this year. Dr J. J. McVety assisted by Mrs. Hutchins, Mrs. Clark, Mrs. Church and Mrs. McVety have given every pupil which number about 300, a physical examination. A record of the condition of each pupil was made and is

kept by the superintendent. We believe this is one of the greatest things that has ever been introduced into our schools and we hope the pupils and especially the parents will appreciate what this work means. This work was financed by the Red Cross and amounted to about \$250. Other towns have given this examination for several years and we recommend that the town appropriate a sum of money sufficient to continue this work.

We wish to thank the superintendent and teachers for whatever part they have had in making this year's work a success. In regard to the parents we are sorry to report that we have not had the cooperation that should be had. We hope that in the future the parents and citizens will feel the responsibility that is theirs and will cooperate with the school officials.

For further particulars in regard to the school work and management we refer you to the superintendent's report.

Appropriations recommended:

Common schools,	\$ 6,500 00
High school,	2,500 00
Repairs,	800 00
Text books,	500 00
School supplies,	300 00
Aside from instruction,	400 00
Music,	400 00
School physician,	300 00
Flags,	25 00

Respectfully submitted,  
 NORMAN F. BURRILL,  
 ROYAL W. QUIMBY,  
 DR. J. J. McVETY,  
 Superintending School Committee.

# Report of Superintendent of Schools

---

To the Superintending School Committee and Citizens  
of Corinna.

Ladies and Gentlemen:

It is my pleasure to present for your consideration this my sixth annual report of your schools. Some of the problems which faced us a year ago have been before us this past year but in spite of the social and economic conditions of our state and nation, I feel that we have made advancement. I have urged in every report and every time I have had occasion to come before you the importance of cooperation.

The schools are yours and it is your duty to see that the best comes to them. This can only be done by each one doing his share. Get the spirit and enthusiasm of the children for their schools.

Any organization needs all the enthusiasm it can have. Greatest enthusiasm of all must come from within its own circle.

The school completed the year's work in June with most successful and enjoyable exhibitions and demonstrations of the work done. Your interest was manifest by your presence at these exercises. A class of nine was graduated from the Academy. The following is the class roll: Norman Brawn, Walter Griffin,

Donald Maxim, Wesley Patterson, Elmer Shorey Marion Bates, Hazel Crossman, Harriett Libby and Dorothy Seavey.

The Junior recital was a most enjoyable event and after much deliberation on the part of the judges the prizes were awarded to Olin Heath, Marguerite Ranney and Dorothy Cook

Mr. Scott, Miss Buswell and Miss Pushor, who have served the school so efficiently for the past few years, resigned at the close of the year. The question of salary has played a very important part in the retention of many of our teachers. I can not but feel that with the present scale of salaries we are fortunate indeed to have as efficient a corps of teachers in our schools as we have. Please bear in mind that the scarcity of all teachers is not as great as the scarcity of the kind of teachers you demand and need in your schools. It is plain to me that if we demand the best teachers we must pay for them.

The National Education Association reports an enormous shortage of teachers and with this fact in mind Corinna is fortunate to hold in all her schools as capable a teaching force as it has. You made a very generous appropriation for your schools last year, but the money in some cases is overdrawn not because the teachers are overpaid for the teacher's salary is only one of the many ways for school money to go. The cost of the fuel and especially the cost of conveyance is a very large factor to be taken into consideration for the cost of both has doubled within the past three years. I believe the salary of the teacher has not yet reached its maximum and I am frank to say I hope it hasn't. Teachers have long been underpaid and I hope the time will come when they will be the best paid servants of the public.

### Corinna Union Academy

This school began its fall term with an entirely new corps of teachers and the largest enrollment for years. We were fortunate indeed to have such teachers as Mr. Hartford, Miss Currier and Mrs. Hammond. On account of the increased enrollment and by allowing the pupils and parents a greater freedom in their selection of course we found it necessary to secure the services of the fourth teacher and those of us who knew of the work of Mrs. Alma Clapp White when she was in the school before, were glad to have her consent to teach for us again. Mr. Hartford and Miss Currier are both teachers of exceptional ability and I am glad to report the splendid condition of this school. Mrs. Hammond resigned at the end of the fall term. It always means a break in the school system for a teacher to resign. I wish it were possible for teachers when they sign an agreement to remain in a school for a certain time, might know that the school officials and pupils have rights to be considered as well as themselves. I call your attention to Mr. Hartford's report.

### Village Schools

The Grammar school so successfully taught by Edwin L. Kneeland closed its year's work with an exceptionally interesting program. There were eighteen pupils graduating from the ninth grade, eleven from the village, one from Pleasant Vale, four from Bond school and two from Morse's Corner.

The children are recognizing these exercises as an important part of their school life and the pleasure of meeting each other in their graduation exercises is helping to create a friendship valuable to them in High school. We were sorry to lose Mr. Kneeland but he resigned to complete his college course. There have

been very few teachers in my schools who were able to hold the respect and esteem of the parents as this young man did during the two years in your school. He was an excellent teacher and disciplinarian. Yet the pupils held him in high regard. One of the reasons, it seems to me, why Mr. Kneeland was such a success was his willingness to become a part of the community in which he lives. He is willing to enter into the activities of the town and do everything in his power to assist in everything pertaining to the welfare of his pupils and people. So many teachers fail because they are not willing to see the opportunity which they have of doing good outside the schoolhouse. We were sorry also to lose Miss Snow for we all recognized the splendid work she did not only in her grades but the progress the children were able to make in penmanship under her supervision. It was with a great deal of satisfaction to us all that Miss Blaisdell and Miss Brown decided to remain in the schools another year. The work of both teachers is very satisfactory. At the opening of the fall term Miss Brown was in charge of the Grammar school and Miss Sewall and Miss Thompson in grades 4, 5, 6, 7. Both are teachers of experience and ability and there is no question but the schools are making great advancement with such an exceptional corps of teachers. It is my wish that the town might appreciate the work of these teachers and that they not be allowed to resign on account of salary.

#### Rural Schools

Mrs. Emerson, Miss Prilay, Mr. Smith were continued in the same schools and we are glad to report the good work as usual of these teachers. Miss Crossman at the Bond school is doing very good work. She has worked hard to make the school a success. At

the Ridge Mrs. Whitmore has the situation well under her control and the children are doing much better work. I judge Mrs. Whitmore to be fully capable of conducting a successful school and she should receive the hearty support and good will of the parents.

The Center school was taught in the spring by Miss Veazie and I regret that she would not return for the fall. This school opened in the fall with forty-five pupils. Mrs. Farmer and Miss Knowles did as well as they could under the circumstances. No teacher can do her best under such crowded conditions. Several plans might be suggested to remedy the conditions of the school. By enlarging the building and having two schools, which is the most reasonable; or by having all the children who reach the ninth grade attend the village school. In this school at present there are seven pupils doing the ninth grade work and the teachers have eight other grades to care for, while at the village there are twelve in the ninth grade and one more grade for the teacher. It is only just to these ninth grade pupils that they be given the same privilege as other children of this grade in town. I judge it to be a matter solely for the parents to decide and encourage.

Mr. Libby and Miss Knowles are doing very much for these children, but with all their efficiency they are not able to do for these older pupils as should be done for them.

Consolidation of schools is not a thing to be dreaded. I do not urge it, as some say, that the superintendent may have an easier time or that we wish to expose the children to long disagreeable rides or that the rights of any district may be taken away. The object of consolidation is purely for the interest and betterment of the children.

I appreciate what it now costs the town for convey-

ance and yet I could not but believe that the parents prefer their children to attend a consolidated school with teachers of training and experience than the small school and the poorest equipped teachers.

### Medical Inspection

The state law advises that every child in the public schools be given medical inspection by a physician. The examination of the eyes and ears by the teacher is compulsory. We give this examination each year but it is of little value for such examinations should not be made superficially as it, of necessity, has to be, when given by the teacher. There are so few children in our schools who are entirely free from some physical defect that it is surprising to the parents themselves to know of these defects. I am glad to express to the Red Cross, through its committee, Mrs. Church, Mrs. Hutchins, Mrs. Clark, my personal appreciation of the very splendid and successful beginning of medical inspection made possible by this wonderful organization. The parents of every child in this town should feel under an obligation to support this society, for the good it has done along this line. The advancement of the child's progress in school is very largely dependent upon his physical condition and with the diagnosis of the child's health before the parent, the parent may help solve some of the school problems of their children. The town is asked to appropriate a sum of money for the employment of one or more school physicians.

Some interesting figures have been collected from the physical examination of Dr. McVety, whose work was most carefully and conscientiously done and the parents might receive information from his report concerning the health condition of their children. Of the 273 pupils examined there were only 12 who were free from some physical defect. There were 128 chil-

dren with some form of throat trouble, 180 with bad teeth, 8 with heart trouble and 2 with slight lung trouble.

The law compels us to have some form of physical training in our schools. We do the best we can with each teacher caring for her own room. Few towns are so fortunate as Corinna in having a very good gymnasium. There is sufficient apparatus, thanks to the generosity of the good citizens, to make possible a very good course in physical training. The most we need at present is an instructor. This could be provided for with very little expense. I ask you to consider the advisability of appropriating a sum of money to this work that each child may receive some form of systematic physical training.

#### Vocational Training

A town of this size with about 300 pupils in its schools should make some provision for this essential factor in a child's education. The town should support teachers both in Manual Arts and Domestic Science. It might not be advisable to adopt both the same year, but would it not be advisable to introduce Manual Arts for the boys and Domestic Science later for the girls. The state is willing to assist in maintaining these courses by paying two-thirds the total salary paid the teachers not to exceed \$800.

May I call your attention to the fact that Corinna received \$935 from the State Equalization fund which has been a great help to us. This fund is given to towns whose common school rate of taxation also the municipal rate is in excess of the town. From the figures sent out from the state office we find that in 1919 the town raised \$3500, the common school rate was .0054 and the municipal rate was .0372 that the state average for common schools the same year was .00478 and the municipal rate was .3334. In 1920 the

town raised \$6500, the common school rate was .0101 and the municipal rate was .0386 while the same rates for the state were .0071 and .0384.

#### Music Department

We have reason to be proud of the work done in this department. The value of the work of Miss Thorne is not to be questioned. The pupils are studying both in orchestra and chorus the work of the great masters and no one is able to estimate the influence of music upon the life of these boys and girls. I call your attention to Miss Thorne's very interesting report for data.

It has been our good fortune to have the services in this town of a helping teacher. Miss Mildred Smith of the Newport schools has not only worked in the Newport schools but very kindly has given of her time to the rural schools of this town. Miss Smith had the advantage of six weeks' training the past summer under the direction of rural school experts and she is well qualified to do such work. Her school is in session each Saturday and I urge all the parents and those interested in schools to visit her building. It has been her desire to bring help to those who most need it on account of lack of experience. The teachers have gladly received any suggestions which she has had to offer and Miss Smith wishes to thank the teachers for the kindly way they have received her suggestions.

In closing this report I want to make plain that what I have said is meant only to convey in a most impartial manner the conditions of your schools. I fully appreciate the efforts of each and every teacher, pupil and parent. I want to thank you all for your kindness and forbearance with us. Let us remember that the best in life comes to us through united efforts.

Bear in mind that the school is the workshop of the child and just how far this will help him in after life depends upon you.

I thank, personally, the town officials, parents, teachers and pupils for your kindness to me during my years with you. My only hope is that some good may come to us all by this friendship and confidence.

Respectfully submitted,

CLIFTON E. WASS,

Superintendent of Schools.

---

### REPORT OF PRINCIPAL OF UNION ACADEMY

To Superintendent C. E. Wass:

Herewith I submit my first report for Corinna Union Academy. On September 7, 1920, the present school year opened with a registration of sixty-four pupils. At present there is a registration of sixty-two. The sixty-four pupils arranged according to classes are as follows:

	Boys	Girls	Total
Seniors,	6	4	10
Juniors,	2	5	7
Sophomores,	7	16	23
Freshmen,	9	15	24

The number of tuition pupils is about the same as last year.

Books and supplies have been amply provided. There is a matter that I would like to call to the attention of parents and the school authorities, and that is in regard to restrictions over pupils that live outside the town and those that live on the outskirts of the town and must secure rooms near the center of the town. If any trouble arises then those in charge of the school are blamed. If the responsibility is upon those in charge of the school, ought it not to be necessary that the one in charge be consulted in regard to the place where the different pupils room. I am not consulted at

present in regard to this matter. The ideal way would be for parents, teachers and school authorities to work together on this problem and each one keep the other informed for the ultimate welfare of the children of this community. I believe for the best interests of the school more restrictions should be placed on this class of pupils I have just mentioned.

I would like to call the attention of the school authorities that owing to the fact that there is no rope on the flag pole that the school flag can't float over the building. The flag ought to be floating over the school building every fair day.

During the past term a boys' and girls' basketball team has been organized and several games played. Financially the teams have been a great success and there is a great value in the exercise and the right directing of the surplus energy. It has been shown a trained mind doesn't amount to much without a trained body.

A drama is about to be given entitled "Aaron Slick from Punkin Crick," and the success of it is already assured.

To Mr. Wass, the superintendent of schools, to Miss Currier of the language department, to Miss Smith of the commercial department, to Mrs. White of the mathematics department, to Miss Thorue our music teacher, to the trustees and school board, I wish to thank for your hearty cooperation and interest in the Academy's welfare.

Respectfully submitted,

A. A. HARTFORD, Principal.

---

## REPORT OF SUPERVISOR OF MUSIC

To the Superintendent of Schools, School Board and Citizens of Corinna I present my annual report.

I am glad to say that I have never enjoyed your schools as much as I am enjoying them this year. In almost every case the Grammar school teachers are very much alive and are trying unusually hard to teach the music well and their efforts are showing splendid results.

There has been some excellent work done in some of the country schools. Mrs. Emerson at Pleasant Vale is doing fine work, the school has this winter bought a new Victrola machine and with our other work we are beginning in a small way some listening lessons in the music.

Miss Prilay at Morse's Corner has settled these pupils down to good work by doing individual drill work and reading.

At the Bond school is a young teacher who was unacquainted with the music, as she is becoming much interested in it the children are responding splendidly.

At the Ridge school the lower grade in music has been taken by one of the older girls, who I shall hope, sometime, to see in some school as a teacher where I am privileged to visit. I wish many of our teachers might see this child's work. A new teacher is in this school this winter and I am looking for good work in all the classes for the remainder of the year.

At the Center all of the work was taken by one of the pupils through the fall; the classes were large and hard to handle. There has been a change in the school and I look for a decided change in the music.

At the Town farm school no work has been done except by the supervisor herself in the upper class. I believe a very little has been done for the lower grade by one of the older children.

The work at the Academy this year, on the whole, has been a great pleasure. There is a good song spirit among the students and they have done good work.

The Academy was represented at the school festival at Bangor. The music was hard but those whose work allowed them to go, worked very hard and they learned the music in a surprisingly short time.

The orchestra has grown this year and there is good interest in it. They all need study and painstaking hard study. Each and every one may as well learn to play his or her instrument well as to half play it. A little conscientious practice every day will accomplish this and it can be done in no other way.

I have tried hard for more than a year to get a violin for Corinna. I now have one who will teach at the academy on Wednesdays; but in order for us to keep him there must be enough work to make it worth while for him to come. In a town of this size every moment of his time should be filled. There is a spirit here of being satisfied with very indifferent work. I want to see this changed. I want to see these boys and girls developing a spirit satisfied, only, with the best they can do in all things. I want their outside music study to be a vital thing in their daily work, as it will mean much or little to them in after years according to the painstaking work they do now as school children. The habits formed now will last them through life. If they improve some of the spare time which they now have in outside study, they will gain not only the knowledge of some instrument, but form the habit of improving some of the play time. The time is now, for forming the habits of study and applying themselves while the mind is young and receptive. Too many men and women are doing a 30 or 40% work, when had their splendid natural abilities been trained to habits of industry in their youth, they might be giving to the world a 100% in efficiency.

When I speak so strongly in favor of their outside music study, I do not mean that I wish your boys and girls to become professional musicians; but as an in-

tegral and vital part of their real education, I want them to have the benefit and knowledge of a study that will mean more to them in after years than you can possibly realize at present.

Before closing my report I wish to express my appreciation for the help of Mr. Hartford and his assistants have given me and the interest they have shown in my work; also to the townspeople who have sent me kind words of appreciation for what I am trying to do.

Respectfully submitted

GERTRUDE THORNE,

Supervisor of Music.

# Town Warrant

---

## STATE OF MAINE

County of Penobscot, ss.

To J. W. Mullen, a Constable in the town of Corinna,  
County of Penobscot, State of Maine, GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said town of Corinna, qualified to vote in town affairs, to meet at Town hall in Stewart Library building, in said town of Corinna, on Monday the fourteenth day of March, A. D. 1921, at nine o'clock in the forenoon, to act on the following articles, to wit:

Art. 1. To choose a moderator to preside at said meeting.

Art. 2. To choose a town clerk for the year ensuing.

Art. 3. To consider and act upon the reports of the municipal officers.

Art. 4. To choose three or more Selectmen.

Art. 5. To choose three or more overseers of the poor.

Art. 6. To choose three or more Assessors of Taxes.

Art. 7. To choose one or more members of the School Board.

Art. 8. To choose a Town Treasurer.

Art. 9. To choose a Road Commissioner.

Art. 10. To choose a Fire Chief.

Art. 11. To choose Constables.

Art. 12. To elect one or more Trustees of Stewart Library building, or act on anything relating to the Board of Trustees.

Art. 13. To see if the town will vote to make all property taxes due the town of Corinna for the year ensuing, payable to the Collector of Taxes as follows: twenty-five per cent to be paid on or before June 1, 1921; twenty-five per cent on or before September 1, 1921; twenty-five per cent to be paid on or before November 1, 1921; twenty-five per cent to be paid on or before December 15, 1921; or act on anything relating to the collection of taxes.

Art. 14. To choose a Collector of Taxes, determine his compensation, or act on anything relating thereto.

Art. 15. To choose all other town officers as required by law to be chosen at the annual meeting.

Art. 16. To see what disposition the town will make of the unexpended balances and overdrafts of the several departments of the year 1920.

Art. 17. To see what sum of money the town will vote to raise and appropriate for the support of poor.

Art. 18. To see what sum of money the town will vote to raise and appropriate for the support of common schools.

Art. 19. To see if the town will vote to authorize the Superintending School Committee to enter into a contract with the trustees of Corinna Union Academy to pay said trustees tuition for all children in said town of sufficient ability, who shall be qualified to do High school work, and who shall attend Corinna Union Academy.

Art. 20. To see what sum of money the town will to raise and appropriate for Free High school.

Art. 21. To see what sum of money the town will vote to raise and appropriate for Free High school.

Art. 22. To see what sum of money the town will

vote to raise and appropriate to purchase apparatus and equipment for use in Free High school.

Art. 23. To see what sum of money the town will vote to raise and appropriate for the purchase of school books.

Art. 24. To see what sum of money the town will vote to raise and appropriate for the purchase of school supplies and incidentals.

Art. 25. To see what sum of money the town will vote to raise and appropriate for the repairs of school buildings.

Art. 26. To see what sum of money the town will vote to raise and appropriate for the purchase of flags and poles for all schoolhouses as provided in Section 52 "School Laws of Maine."

Art. 27. To see if the town will vote to raise money, if so, how much, for the services of a school physician.

Art. 28. To see if the town will vote to authorize the Superintending School Committee to have music taught in the public schools, raise and appropriate a sum of money for such purpose or act on anything relating thereto.

Art. 29. To see if the town will vote to raise and appropriate a sum of money, if so, how much, to aid J. Knowles Post, G. A. R., in the observance of Memorial Day.

Art. 30. To see what sum of money the town will vote to raise and appropriate to purchase books for Stewart Free Library.

Art. 31. To see what sum of money the town will vote to raise and appropriate for the repair of roads and bridges in summer.

Art. 32. To see if the town will vote to raise and appropriate a sum of money, if so, how much, to be expended on winter roads from February 1, 1921, to February 1, 1922, or act on anything relating thereto.

Art. 33. To see if the town will vote to accept the report and recommendation of the State Highway Commission relative to the construction of State Aid Highway work for 1921 said report being as follows: Work to be located on State Aid highway No. 1, said highway work for 1921, Said report being as follows: Work to be located on State Aid highway No. 1, said highway beginning at Exeter town line and ending at St. Albans town line, connects with 1920 work. Permanent improvements to consist of grading, drainage and gravel surface.

Art. 34. To see if the town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the town to State aid as provided in section 19, of Chapter 25, of the Revised Statutes of 1916.

Art. 35. To see if the town will raise and appropriate the sum of \$600.00 for the improvement of the section of State Aid road as outlined in the report of the State Highway Commission, in addition to the amounts regularly raised for the care of ways, highways and bridges; the above amount being the maximum which the town is allowed to raise under the provisions of Section 13, Chapter 25, of the Revised Statutes of 1916.

Art. 36. To see if the town will raise and appropriate a sum of money, if so, how much, for permanent improvement on the road leading from Hayden's corner to the Ridge road, and determine by whom the same shall be expended, or act on anything relating thereto.

Art. 37. To see if the town will vote to raise and appropriate a sum of money, if so, how much, to be expended in permanent improvements on the highways in the town and determine by whom the same shall be expended.

Art. 38. To see what sum of money the town will vote to raise and appropriate for the construction and main-

tenance of sidewalks, determine by whom the same shall be expended or act on anything relating thereto.

Art. 39. To see what sum of money the town will vote to raise and appropriate for the care and maintenance of Winchester Park.

Art. 40. To see if the town will vote to raise and appropriate a sum of money, if so, how much, for the purpose of water sprinkling the streets of Corinna Village, or act on anything relating thereto.

Art. 41. To see if the town will vote to raise and appropriate a sum of money, if so, how much, for the purpose of providing free open air band concerts in Corinna Village during the season of 1921.

Art. 42. To see if the town will vote to raise and appropriate a sum of money, if so, how much, for the repair and maintenance of sewers, or act on anything relating thereto.

Art. 43. To see what sum of money the town will vote to raise and appropriate for the care and maintenance of the pumping station and water system in Corinna village, or for the extension of water mains, determine by whom the same shall be expended, or act on anything relating thereto.

Art. 44. To see if the town will vote to raise and appropriate a sum of money, if so, how much, for the purchase of metal culverts for highways.

Art. 45. To see if the town will vote to add additional lights to the present system of street lights, determine where they shall be located, or act on anything relating thereto.

Art. 46. To see what sum of money the town will vote to raise and appropriate for street lights for the ensuing year, or act on anything relating thereto.

Art. 47. To see what sum of money the town will vote to raise and appropriate for paying the salary of the district Superintendent of Schools.

Art. 48. To see what sum of money the town will

vote to raise and appropriate for abatements of 1921.

Art. 49. To see if the town will vote to raise and appropriate a sum of money, if so, how much, for the purpose of erecting a suitable Memorial in honor of the boys of Corinna who served in the World War; or appropriate any money now in the town treasury which has not been appropriated for other purposes; or act on anything relating thereto.

Art. 50. To see what sum of money the town will vote to raise and appropriate for the care and maintenance of cemeteries in town.

Art. 51. To see if the town will vote to accept the sum of one hundred dollars from the estate of Albion K. Jones, in trust, to be forever held as a trust fund and safely invested, the income therefrom to be used for the perpetual care and attention of the family burial lot of said Albion K. Jones in the village cemetery.

Art. 52. To see if the town will vote to accept the sum of one hundred dollars from Ellen A. Mower, in trust, to be forever held as a trust fund and safely invested, the income therefrom to be used for the perpetual care and attention of the H. G. Mower lot on the farm originally owned by Hiram G. Mower in Corinna.

Art. 53. To see if the town will vote to accept the sum of one hundred dollars from the estate of Elvira Palmer, in trust, to be forever held as a trust fund and safely invested, the income therefrom to be used for the perpetual care and attention of the family burial lot of Levi Palmer in the village cemetery.

Art. 54. To see if the town will vote to accept the sum of one hundred dollars from Mrs. John L. Morrison, in trust, to be forever held as a trust fund and safely invested, the income therefrom to be used for the perpetual care and attention of the family burial lot of James P. Copeland in the village cemetery.

Art. 55. To see if the town will vote to accept the

sum of one hundred dollars from Percy Johnston, Chesley M. Johnston, George W. Johnston and S. P. Ireland, in trust, to be forever held as a trust fund and safely invested, the income therefrom to be used for the perpetual care and attention of the family burial lot of the late John Johnston in the village cemetery.

Art. 56. To see if the town will vote to accept the sum of one hundred dollars from J. E. Gray and Lemira Ireland, in trust, to be forever held as a trust fund and safely invested, the income therefrom to be used for the perpetual care and attention of the family burial lot of J. E. Gray and Frank Ireland in the village cemetery.

Art. 57. To see what action, if any, the town will take relative to the investment of the several bequests and gifts for the care of cemetery lots.

Art. 58. To see if the town will vote to raise and appropriate a sum of money, if so, how much, to provide suitable markers for the lots of the town poor in the Nutter cemetery, or act on anything relating thereto.

Art. 59. To see if the town will vote to raise and appropriate a sum of money, if so, how much, to grade and surface Main street from the intersection of Main and School streets, in the same manner as the State Highway Commission is to build through said street, said grading and surfacing to extend from the curb on either side of said street to the work to be done by the Highway Commission, determine by whom the same shall be expended, or act on anything relating thereto.

Art. 60. To see what sum of money the town will vote to raise and appropriate to pay interest on outstanding orders and notes.

Art. 61. To see what sum of money the town will vote to raise and appropriate to pay on town debt.

Art. 62. To see what action the town will take in

refunding the outstanding notes of the town when they become due.

Art. 63. To see if the town will vote to create a special municipal board of mothers' aid to consist of three members, at least one of whom shall be one of the board of overseers of the poor, and at least one of whom shall be a woman, to serve for three-year terms, the term of one member to expire each year.

Art. 64. To see if the town will vote to furnish surety bonds for bonded officers in town, determine for whom the same shall be furnished, raise and appropriate a sum of money sufficient to pay the premiums on said bonds, or act on anything relating thereto.

Art. 65. To see what sum of money the town will vote to raise and appropriate to defray town charges.

Art. 66. To see what disposition the town will make of the money received from the sale of the town farm property.

Art. 67. To see if the town will authorize the Selectmen to hire money on temporary loan when needed for current expenses, not to exceed the sum of five thousand dollars.

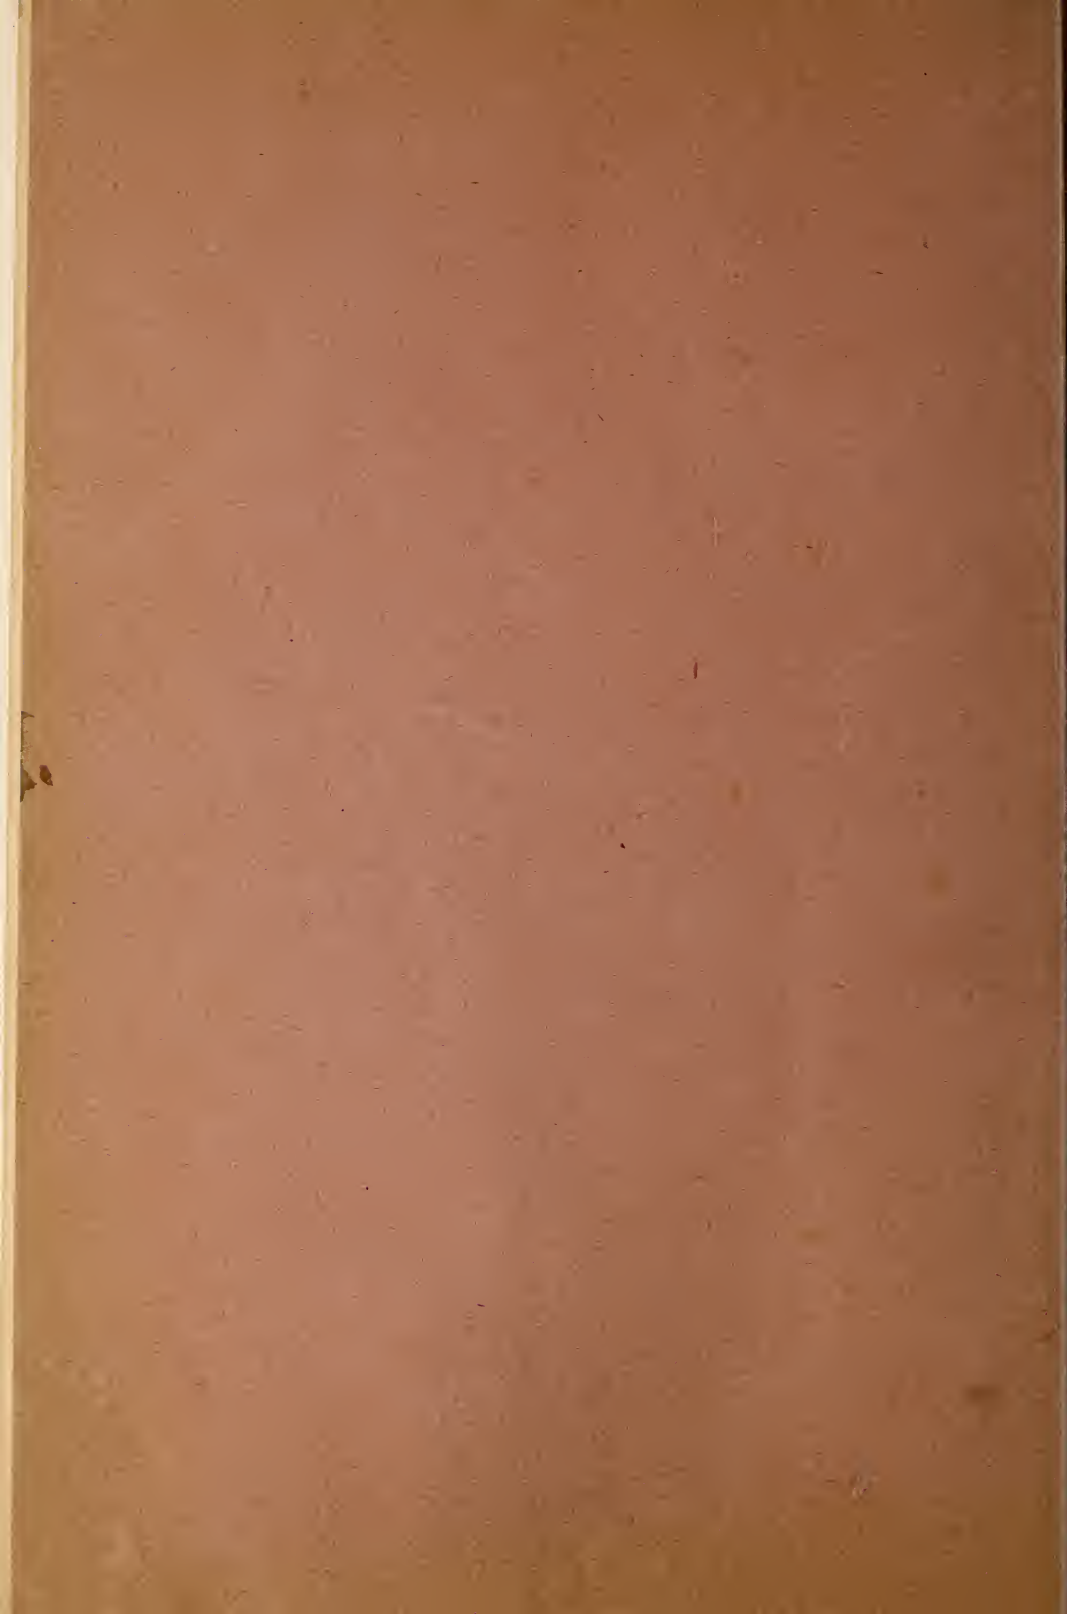

You will give notice that the Selectmen will be in session at their office in Stewart Library building on the fourteenth day of March, A. D. 1921, at eight o'clock in the forenoon for the purpose of correcting the list of voters.

Given under our hands this twenty-fourth day of February, A. D. 1921.

O. L. JONES,  
CLARENCE CAMPBELL,  
L. W. KNOWLES,  
Selectmen of Corinna.

From Jan. 1. 1921, to Dec. 31, 1921

Number of births recorded,	25
Number of deaths recorded,	16
Number of marriages recorded,	29

Respectfully submitted,

GUY C. NUTTER,  
 Town Clerk.

## Librarian's Report

---

To the Trustees of the Stewart Free Library,  
Gentlemen:

I herewith submit the 23d annual report of the Stewart Free library, covering the work of the year 1921.

Volumes in private library,	6,583
Volumes in circulating library Dec. 31, 1920,	7,284
Volumes added by purchase,	145
Volumes added by gift,	59
Volumes added by binding magazines,	69
Volumes in circulating library Dec. 31, 1921,	7,557

The total circulation of the year was 11,172. The library has been open for reading and circulation 111 days. This makes an average circulation a day of 110 books. The books added were classed as follows: non-fiction, 109; bound magazines, 69; and fiction, 95.

The reading room is well supplied with the most popular periodicals, and a great many of these magazines are circulated each library day. And it is of interest to note that the reading public is seeking information upon the current topics of the day.

A library must be like a business organization, up to date, if it wishes to be popular. This is what we are endeavoring to do. We stand ready and willing to take suggestions in the purchase of any books that might be needed in any line of business or education.

We want a spirit of co-operation to be always manifest between the library and schools.

During the fall term each class at the High school was given instruction in library practice at the library. We hope that this proved beneficial to the students, and I trust that it will be continued each year.

It was very much regretted that all thru this year the trustees voted to keep the library building locked, thereby keeping the school children from the use of the reading room and reference books except on library days. Without school libraries and no reference books whatsoever, the students and teachers are handicapped in their work. I wish that some arrangement could be made whereby the reading room could be open as formerly.

The work in the children's department has been under the leadership of Miss Erma Ross. The children are our best patrons.

Respectfully submitted,

EDNA A. HUTCHINS,

Librarian.

## Report of Superintending School Committee

---

We herewith offer our report for year ending February 1, 1922. We are of the opinion that our schools during the past year have been generally satisfactory, with perhaps one exception. In the line of repairs at Pleasantvale we have built a new chimney, papered and painted the interior, stained the seats, so that we have a very attractive room. At the Ridge house we thoroughly painted with two coats, the whole interior, both schoolroom and corridor and made many other needed repairs. Now this district has a schoolroom far better than the average community, and we are pleased to note the appreciation of parents, teachers and pupils. At the village school premises, we have dug a well which seems to furnish plenty of water, even in a dry time. We have piped this to pressure tank in cellar, and now have as nice a system of flush toilets as one could wish. These, together with the fine steam heating plant, make an ideal combination. We have also built partitions in basement to keep children away from steam boiler and water tank. Also had electric lights installed. We have shingled one side of main building and one side of wood shed, using 15,000 shingles. We have placed an insurance of \$4,000.00 upon this property. In the remaining districts minor repairs have been made. As

to the repairs for the coming year, we are of course willing to do whatever the voters of Corinna think best. But we would like to see all our school buildings placed in first-class condition, both inside and outside, and kept so. We feel that a clean, attractive room exerts a good influence upon the child and that it is the duty of the school board to see that our schoolrooms are kept as clean as the rooms of our homes, at least. The interior of the Town Farm and Center houses need paint and paper. The exterior of Village buildings should be painted and the grounds should be graded and enclosed by a substantial fence. And we would advise that all of the occupied school buildings be painted outside as soon as possible. We wish to thank our superintendent, Mr. Wass, all our teachers, and all citizens who have cooperated to the good of the schools.

Appropriations recommended:

Common schools,	\$6,500 00
Text books,	500 00
School supplies,	350 00
Repairs,	1,000 00
Music,	500 00
School physician,	300 00
Flags,	25 00
High school,	2,800 00
Aside from instruction,	400 00

Respectfully submitted,

R. W. QUIMBY,

J. J. McVETY,

R. E. IRELAND,

Superintending School Committee.

# Report of Superintendent of Schools

---

To the Superintending School Committee and Citizens of the Town of Corinna.

Ladies and Gentlemen:

It is my pleasure to present for your consideration this, my seventh annual report of your schools.

It is with a certain sense of gratification on behalf of the teachers, pupils and school officials that I am justified in saying that, to me, it seems that the year just closed marks an era of gratifying progress in our schools.

The shortage of teachers brought about by the war conditions of which I have spoken in previous reports, has led to substantial increases in salaries and impelled the public to a greater appreciation of the worth and work of the teachers.

There can be no question of the great advantages that will come to education when the work of the teacher is freed from the financial embarrassment of the past.

"Confidence is a priceless asset."

I am sure, by the hearty support of your schools, that you do have confidence in them, and for that reason alone you have the right to be proud of the work done in your every school by a corps of teachers

whose only ambition is to do those things which will help the children under their care to become better men and women.

The academy has had another successful year. It is well for our schools that we are able to maintain the same teaching force. We are proud of our High school, and the work it is doing under the direction of Mr. Hartford, Miss Currier and Miss Smith.

At the close of the school year in June, we graduated a class of 10. The following is the class roll. Olin Heath, Chester Dearborn, Agnes Simpson, Marguerite Ranney, Augustus Burton, Darrel Sprague, June Welch, Clyde Foss, Hiram Hatch, Dorothy Cook.

Of the number, Dorothy Cook is attending Normal School. June Welch and Chester Dearborne are attending Business College. The work of the school should be to encourage every student to strive for a higher education.. With the support and encouragement of the parents this may be made possible. At the Junior class recital, the prizes were awarded to Muriel Sprague, Helen Libby and Lermond Mower.

Your attention is called to the report of Mr. Hartford.

Again we were most fortunate to be able to retain the same teachers in our village schools. We believe that the increase in salary to these teachers was money well expended. The work of Miss Brown, Miss Sewall, Miss Thompson, and Miss Blaisdell is of extra high standard. A visit to this building will convince you of the splendid training your children are receiving. These teachers have not only carried on their schools most successfully, but have had the time and disposition, with the aid of their pupils, to raise money from which they purchased Victrolas, reference books, and many other helps, for their school rooms.

The parents appreciate these efforts of the teach-

ers and it only demonstrates more fully the interest these teachers have in their work.

The one thing most needed to greatly increase the usefulness of your schools is a room and equipment for Junior High training, domestic science, manual training, etc. If the town is not able to hire a teacher in these subjects would it not be well to join with some other town in hiring such a teacher. The state will greatly assist in this matter.

The rural schools with one exception have done splendid work. All teachers have tried very hard to make a success of their schools. The parents have gladly given of their time to aid in giving to their children the best the school can give. The best of teachers will be a failure without the support of the parents. Would that all parents could realize how much they might do, to make easy the work of the teachers and more than that, to increase the efficiency of the school.

I am grateful to Mrs. Whitmore, Miss Bean, Miss Knowles, Miss Savage, Mrs. Emerson, Miss Potter for the work they have done. The Center school which seemed such a problem a year ago, necessitating two teachers, has been very successfully carried on by Miss Potter alone this year. No one doubts the ability of this lady to manage the forty pupils and nine grades. She has been able to carry on her school and also become a strong factor in the home life of the pupils. Every teacher should know the needs of her children in the school and in the home.

I must take this opportunity to express my appreciation to the schools who have maintained so very successfully a School Improvement league, especially the wonderful work which has been done in the Morse Corner school, in purchasing beside a Victrola, a set of maps, reference books, etc.

## MUSIC DEPARTMENT

Miss Thorne has accomplished what few music teachers would have attempted. She has been very successful and one thing alone she has, by the efforts of the teachers and pupils, been able to place in all the rural schools, but one, a Victrola. With the Victrolas recently purchased by the village teachers and pupils, there is now in every room a musical instrument. I am calling your attention to her report. She will tell you what her plan has been the past year.

All the school buildings have needed more or less repairing.

Mr. Quimby has had charge of this part of the work and there is no question but the money has been expended most carefully.

The need of repairs at the Ridge school has been attended to and now we have a most attractive room.

The work began three years ago of improving the sanitation at the village schools was completed and now the children are enjoying proper sanitary conditions. A well was dug and properly sealed up, which gives sufficient supply of excellent water.

The needed repairs for this year are, new blackboards in many of the schoolhouses. The Bond school building is not safe for children to attend school in. If a school is maintained in that building something should be done.

There is a matter which must come to your attention regarding the law effective in September 1924, which requires each school building to be provided with sanitary toilet conditions. At present not one of our buildings will meet that requirement. It is best to consult the law very carefully regarding these requirements and to make a start this year. By making a beginning this year it will not be such a burden when the law actually goes into effect.

## MEDICAL INSPECTION

This is the second year you have appropriated money for the employing of a school physician. According to law, the school board re-elected Dr. J. J. McVeely who served you so faithfully last year. His work the past year has been just as painstaking and as a result of his examination of 281 pupils he found 43 cases of ear trouble, 19 of nose, 160 of defective teeth, 120 of throat trouble, including adenoids and enlarged tonsils, 39 cases of flat feet. There were but 27 children who were pronounced free from disease.

That the work of the school physician may be the success we hope, it will be necessary for the parents to attend to the needs of the pupils as pointed out by the physician. Many towns employ a school nurse whose business it is to follow up the cases as outlined by the doctor. The nurse is able to give attention to many of the minor cases without resorting to medical attention and is a great benefit to the schools and community.

In closing, I wish to express my appreciation to all the citizens who have so liberally given us the means to carry on, to a successful close the past school year.

The teachers have done exceptional work and we are glad to speak words of praise and appreciation of their efforts.

I want, personally, to thank the ladies' Literary club and Parent-Teachers association for the most successful observance of Educational week. Many interesting meetings were held and much good came to our schools.

We have been privileged to hear such men as Dr. L. J. Pollard from the Department of Education at the University of Maine, also State Librarian H. E. Dunnack, who are both experts in education. I feel that both these associations are great helps in my

own work and I want to show my appreciation to them.

I am not unmindful of the burden of taxation which rests upon you, but I have the confidence in your good will and interest in your schools to believe that you will still maintain the standard of your schools as already begun.

No parent in town wants anything else, than the best for his pupils, and that will come only through skilled instruction. The children of today must be educated that the coming years may be made safe for you and me to live in. Youth is not all of life. It is the beginning of the next generation and how well that generation conducts itself depends on you and me.

Respectfully submitted,  
CLIFTON E. WASS,

---

## REPORT OF PRINCIPAL OF CORINNA UNION ACADEMY

To Superintendent Clifton E. Wass:

Herewith I submit my second annual report for Corinna Union Academy.

At the close of the school year ending June 17, 1921, ten pupils were graduated. They were Olin F. Heath, June B. Welch, Darrel W. Sprague, Agnes B. Simpson, Marguerite L. Ranney, Hiram H. Hatch, Clyde E. Foss, C. Chester Dearborn, Dorothy Cook and Augustus Burton. On September 7, 1921, the present school year opened with an attendance of sixty-four pupils. There is an enrollment of fifty-seven pupils at the present time. No new pupils have entered since September.

The sixty-four pupils arranged according to classes are as follows:

	Boys	Girls	Total
Seniors,	2	2	4
Juniors,	8	11	19
Sophomores,	6	14	20
Freshmen,	11	10	21
	—	—	—
	27	37	64

A boys' and girls' team in basketball has been organized and several games played. There is certainly great value derived by the young people in physical development in the preparation and playing these games. There isn't much material in the school at present to warrant the continuation of the games. The expense that is necessary for arranging the games is also too great.

The play, "Aaron Slick from Pumpkin Crick," was given by the school the past year and one hundred and fifty dollars was made. Another play, "Forest Acres," is to be given February 21, for the benefit of the senior class.

During the past year twenty-one volumes of the Encyclopedia Britannica was very kindly donated to the school by Mr. J. H. Winchester and they are greatly appreciated. The graduating class of last year presented the school with a book case that holds the twenty-one volumes donated to the school.

Adjustable seats and desks are badly needed in the main room in the academy. Some of the present seats and desks are in bad shape. The outside windows placed on the commercial room have added greatly to the comfort of teacher and scholars.

Much progress has been made by the pupils and I am pleased to report that a harmonious and democratic spirit prevails among the teachers and pupils. Books and supplies have been amply provided.

I believe each teacher ought to have one spare

period a day for the most efficient work. All the teachers teach at the present time eight periods. Efficiency is lost by raising salaries and then cutting down the teaching staff, thereby piling the work on the remaining teachers.

The improvements made in and about the academy building have been greatly appreciated by both teachers and pupils.

To Miss Currier of the language department, to Miss Smith of the commercial department, to Miss Thorne our music teacher, I wish to express my gratitude for their co-operation and to yourself and to the trustees and school board I wish to convey my thanks for your interest in the academy's welfare.

Respectfully submitted,

A. A. HARTFORD, Principal.

---

### REPORT OF THE SUPERVISOR OF MUSIC

To the Superintendent of Schools, School Board and Citizens of Corinna, I present my annual report.

In the village school you are especially fortunate in having for your two lower grade teachers, young women who are acquitting themselves splendidly this year. The kind of work done in these lower grades makes it easy or difficult in the upper grades. It is here the foundations should be laid, and the love for study developed. The rest is a continuation of what has taken place in the lower grades. In a few years with the kind of daily work they are now doing, I predict a splendid chorus in both upper rooms. In these rooms we still have some monotones, which should not be. A part of them, however, have come in from other towns. This condition is no fault of the teachers now in these rooms. There is an improvement and if the interest and enthusiasm of the teachers con-

tinue, we shall be glad to have visitors hear us sing ere the close of the year.

I am sure that a new interest will be awakened in the grades with the feeling that courses in appreciation will be introduced. These courses in no way are to take the place of the school music lesson, and neither can they leave the lesson in appreciation if their daily work in music is not satisfactory. In the lower grades it means response to different kinds of rhythms music form in an abbreviated way, and hearing the best kinds of music for little children. In the upper grades, it means different musical forms, what they are, nationality in music, etc., learning the construction of orchestras by hearing each instrument and recognizing the tone quality of each in the ensemble. They will hear many of the best compositions, understandingly, from their appreciation study. They will also become familiar with the lives of our great musical composers whose names should be as real to them as the literary writers.

In three of the rooms at the Grammar school are talking machines. I hope to see before long a little library of worth-while records started in the school.

The work in four country schools is progressing very well.

Miss Knowles at Morse's Corner is doing splendid work for the children. We have just placed records in the school which will start us on a good course in appreciation. The children are taking it up very readily.

Miss Bean at the Bond school is a most enthusiastic teacher, and is doing very fine work. Here also is to start a real appreciation course in music in which these children are especially interested.

Miss Potter at the Center school is doing practically what two teachers should do. Yet with all her classes,

she devotes a certain amount of time each week to her music with good results, and also gives a little time to their appreciation. I feel that we all should most humbly acknowledge this teacher's efforts.

Mrs. Whitman is doing excellent work in her school music. This school also has a talking machine and a few records. I hope that the school may soon have a good record library started in appreciation.

Practically nothing was done in the Pleasant Vale school during the fall, either in school music or appreciation. With the present teacher there will be good work in both.

The Town Farm school has a most conscientious teacher who is helping them greatly in their music. By the close of the spring she will have two good singing classes. This is your only country school without a machine, although some money has been earned for one by this teacher with the hope of adding to it later. No children are more deserving of one than these children and I hope that every parent will enter into any plan which the teacher may suggest as a means of earning money for them.

The machines in the schools are for an educational purpose—should be bought with that idea—and records selected for their educational value. If they are not maintained with this in view, they would better remain out of the schools as they will do more harm than good. It is too expensive a proposition for the schools for mere entertainment. At the present time every record in your country schools is a worth-while record and the children appreciate them as such.

The High school chorus, as a whole, is doing splendid work. The small orchestra has been a proposition but we are working. With a clarinet and cornet teacher in town, with a splendid violin teacher coming to town on Saturdays, there should be more outside study

than there is at present. Not every small town has the advantages which yours has at the present time. I fear it is not appreciated as it should be.

We have had the talking machine repaired and I shall now use it with what records the academy owns, for a very little appreciation work, or as far as the records will permit. With the machine which you have and with a proper plan provided for the records, a good course in appreciation ought to be provided for the students.

At the spring concert I am going to ask the people to pay admission that money may be earned to establish such a course not only for the boys and girls now in the school, but for those who are entering each year.

Before closing my report I wish to express my gratitude to the teachers who have worked so faithfully in carrying on my work. To the School Board for its kindly interest; to the Superintendent for his helpfulness at all times.

Respectfully submitted,

GERTRUDE THORNE,

Supervisor of Music.

# Town Warrant

## STATE OF MAINE

County of Penobscot, ss.

To J. W. Mullen, a Constable in the Town of Corinna,  
County of Penobscot, State of Maine,

### GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said town of Corinna, qualified to vote in town affairs, to meet at Town hall in Stewart library building, in said town of Corinna, on Monday the thirteenth day of March, A. D. 1922, at nine o'clock in the forenoon, to act on the following articles, to wit:

Art. 1. To choose a moderator to preside at said meeting.

Art. 2. To choose a town clerk for the year ensuing. *J. W. Mullen*

Art. 3. To consider and act upon the reports of the municipal officers. *selectmen*

Art. 4. To choose three or more selectmen. *selectmen*

Art. 5. To choose three or more assessors of taxes. *selectmen*

Art. 6. To choose three or more overseers of the poor. *selectmen*

Art. 7. To choose one or more members of the school board. *R. W. Gumbly*

Art. 8. To choose a town treasurer. *J. W. Mullen*

Art. 9. To choose a road commissioner. *Campbell*

Art. 10. To choose a fire chief. *M. L. Flanders*

Art. 11. To choose constables. *J. W. Mullen, W. A. Smith, W. H. Thompson*

Art. 12. To elect one or more trustees of Stewart library building, or act on anything relating to the board of trustees. *J. W. Mullen, W. A. Smith*

Art. 13. To see if the town will vote to make all property taxes due the town of Corinna for the year ensuing, payable to the collector of taxes as follows: twenty-five per cent to be paid on or before June 1, 1922; twenty-five per cent on or before September 1, 1922; twenty-five per cent to be paid on or before November 1, 1922; twenty-five per cent to be paid on or before December 15, 1922; or act on anything relating to the collection of taxes. *So accept.*

Art. 14. To choose a collector of taxes, determine his compensation, or act on anything relating thereto. *11/22  
Guy Smith*

Art. 15. To choose all other town officers as required by law to be chosen at the annual meeting. *See annex*

Art. 16. To see what disposition the town will make of the unexpended balances and overdrafts of the several departments of the year 1921. *reappropriated.*

Art. 17. To see what sum of money the town will vote to raise and appropriate for the support of poor. *800.*

Art. 18. To see what sum of money the town will vote to raise and appropriate for the support of common schools. *6500. includes school fund vote.*

Art. 19. To see if the town will vote to authorize the Superintending School Committee to enter into a contract with the trustees of Corinna Union Academy to pay said trustees tuition for all children in said town of sufficient ability, who shall be qualified to do High school work, and who shall attend Corinna Union academy. *prevail*

Art. 20. To see what sum of money the town will vote to raise and appropriate for instruction in free High school. *2800.*

Art. 21. To see what sum of money the town will vote to raise and appropriate for free High school, aside from instruction. 400.

Art. 22. To see what sum of money the town will vote to raise and appropriate to purchase apparatus and equipment for use in free High school. *pass.*

Art. 23. To see what sum of money the town will vote to raise and appropriate for the purchase of school books. 500.

Art. 24. To see what sum of money the town will vote to raise and appropriate for the purchase of school supplies and incidentals. 350.

Art. 25. To see what sum of money the town will vote to raise and appropriate for the repairs of school buildings. 1000.

Art. 26. To see what sum of money the town will vote to raise and appropriate for the purchase of flags and poles for all schoolhouses as provided in Section 52, School Laws of Maine. 25.

Art. 27. To see if the town will vote to raise money, if so, how much, for the services of a school physician. 100.

Art. 28. To see if the town will vote to authorize the Superintending School Committee to have music taught in the public schools, raise and appropriate a sum of money for such purposes, or act anything relating thereto. 300.

Art. 29. To see what sum of money the town will raise and appropriate for the observance of Memorial Day. 50.

Art. 30. To see what sum of money the town will vote to raise and appropriate to purchase books for Stewart Free Library. 50.

Art. 31. To see what sum of money the town will vote to raise and appropriate for the repair of roads and bridges in summer. 5000.

Art. 32. To see if the town will vote to raise and appropriate a sum of money, if so, how much, to be ex-

pended on winter roads from February 1, 1922 to February 1, 1923, or act on anything relating thereto. *1500.*

Art. 33. To see if the town will vote to accept the report and recommendation of the State highway Commission relative to the construction of State Aid Highway work for 1922 said report being as follows: Work to be located on State Aid Highway No. 1, said highway beginning at Exeter town line and ending at St. Albans town line, connecting with 1921 work, permanent improvements to consist of grading, drainage and gravel surface. *prevail.*

Art. 34. To see if the town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the town to State aid as provided in Section 19, of Chapter 25, of the Revised Statutes of 1916. *yes.*

Art. 35. To see if the town will vote to raise and appropriate the sum of \$600 for the improvement of the section of State aid road as outlined in the report of the State highway commission, in addition to the amounts regularly raised for the care of ways, highways and bridges; the above amount being the maximum which the town is allowed to raise under the provisions of Section 13, Chapter 25, of the Revised Statutes of 1916. *600.*

Art. 36. To see if the town will vote to raise and appropriate the sum of \$13.97 to reimburse the town treasury for over expenditures on account of State aid highway for the years of 1920-1921, or act on anything relating thereto. *13.97*

Art. 37. To see if the town will vote to raise and appropriate a sum of money, if so, how much, for permanent improvement on the road leading from Hayden Corner to the Ride road, and determine by whom the same shall be expended, or act on anything relating thereto. *pass.*

Art. 38. To see if the town will vote to raise and appropriate a sum of money, if so, how much, for repairs on the North Ridge road, so called, between E. H. Martin's and C. R. Martin's, determine by whom the same shall be expended, or act on anything relating thereto. *pass.*

Art. 39. To see what sum of money the town will vote to raise and appropriate for permanent repairs on about 25 rods of road east of the railroad at Lincoln's Mills, determine by whom the same shall be expended, or act on anything relating thereto. *pass.*

Art. 40. To see if the town will vote to raise and appropriate a sum of money, if so, how much, to be expended in permanent improvements on the highways in the town and determine by whom the same shall be expended. *1000.*

Art. 41. To see what sum of money the town will vote to raise and appropriate for the construction and maintenance of sidewalks, determine by whom the same shall be expended, or act on anything relating thereto. *pass.*

Art. 42. To see what sum of money the town will vote to raise and appropriate for the care and maintenance of Winchester park. *pass.*

Art. 43. To see what action the town will take in regard to street sprinkling, raise and appropriate a sum of money for the same, or act on anything relating thereto. *200.*

Art. 44. To see if the town will vote to raise and appropriate a sum of money, if so, how much, for the repair and maintenance of sewers, or act on anything relating thereto. *400.*

Art. 45. To see what sum of money the town will vote to raise and appropriate for the care and maintenance of the pumping station and water system in Corinna, or act on anything relating thereto. *100.*

Art. 46. To see if the town will vote to raise and appropriate a sum of money, if so, how much, for the purchase of metal culverts for highways. *300.*

Art. 47. To see what sum of money the town will vote to raise and appropriate for street lights for the ensuing year, or act on anything relating thereto. *530.*

Art. 48. To see what sum of money the town will vote to raise and appropriate for paying the salary of the district Superintendent of Schools. *600.*

Art. 49. To see what sum of money the town will vote to raise and appropriate for abatements for 1922. *450.*

Art. 50. To see what sum of money the town will vote to raise and appropriate for the care and maintenance of cemeteries in town. *Pass.*

Art. 51. To see if the town will vote to accept the sum of one hundred dollars from A. J. Knowles, in trust, to be forever held as a trust fund and safely invested, the income therefrom to be used for the perpetual care and attention of the A. J. Knowles lot in Corinna Center cemetery. *accept.*

Art. 52. To see if the town will vote to accept the sum of one hundred dollars from John Scales, in trust, to be forever held as a trust fund and safely invested, the income therefrom to be used for the perpetual care and attention of the John S. Scales lot in Corinna Center cemetery. *accept.*

Art. 53. To see if the town will vote to invest the sum of one hundred dollars from the account of Achsa Philbrick, in a bond, the income therefrom to be used for the perpetual care and attention of the Jacob Philbrick lot in the Center cemetery. *never.*

Art. 54. To see what action the town will take relative to the investment of the several bequests and gifts for the care of cemetery lots. *cemetery Commission*

Art. 55. To see if the town will vote to raise and appropriate a sum of money, if so, how much, for the purchase of the lot of land where Constance Southard

and several others are buried, erect a fence around same, or act on anything relating thereto. *100. by selectmen*

Art. 56. To see if the town will vote to sell the Knox schoolhouse, or act on anything relating thereto. *10. Sell, convey, remove.*

Art. 57. To see if the town will instruct the Superintending School Committee to maintain a school in district No. 1, so called, or act on anything relating thereto. *Open a convey.*

Art. 58. To see what sum of money the town will vote to raise and appropriate for repairs on Bond schoolhouse, so called, or act on anything relating thereto. *700.*

Art. 59. To see if the town will vote to abate the assessment of \$82.83 on the M. E. church parsonage lot, on account of the new sewer. *abated*

Art. 60. To see if the town will vote to raise and appropriate the sum of \$124.25 to reimburse S. H. Winchester for damage done to stock in basement of store, said damage being done by sewerage backing into said basement. *Pass.*

Art. 61. To see what action, if any, the town will take to enable the Board of Health to make necessary arrangements for the services of a public health nurse, and to make proper appropriation therefor. *Pass.*

Art. 62. To see what sum of money the town will vote to raise and appropriate to complete surfacing Main street, or act on anything relating thereto. *2500.*

Art. 63. To see what sum of money the town will vote to raise and appropriate to pay interest on outstanding orders, notes and bonds. *1150.*

Art. 64. To see what sum of money the town will vote to raise and appropriate for sinking fund to pay town bonds when due. *1000.*

Art. 65. To see what sum of money the town will vote to raise and appropriate to pay on town debt. *Pass.*

Art. 66. To see if the town will vote to raise and

appropriate a sum of money, if so, how much, to lay over and enlarge the sewer on the south side of east Main street from the catch basin near the easterly end of Shaw's store to Winchester avenue, or act on anything relating thereto. *500*.

Art. 67. To see if the town will vote to accept the list of jurors as prepared by the selectmen on February 23, 1922.

Art. 68. To see if the town will vote to create a special municipal board of mother's aid to consist of three members, at least one of whom shall be one of the board of overseers of the poor, and at least one of whom shall be a woman, to serve for three year terms, the term of one member to expire each year. *one*.

Art. 69. To see if the town will vote to furnish surety bonds for bonded officers in town, determine for whom the same shall be furnished, raise and appropriate a sum of money sufficient to pay the premium on said bonds, or act on anything relating thereto. *adopted to town charge a/c.*

Art. 70. To see what sum of money the town will vote to raise and appropriate to defray town charges. *1500*

Art. 71. To see if the town will authorize the selectmen to hire money on temporary loan when needed for current expenses, not to exceed the sum of five thousand dollars.

You will give notice that the Selectmen will be in session at their office in Stewart library building on the thirteenth day of March, A. D. 1922, at eight o'clock in the forenoon for the purpose of correcting the list of voters.

Given under our hands this twenty-fifth day of February, A. D. 1922.

O. L. JONES,  
CLARENCE CAMPBELL  
L. W. KNOWLES,

## Preserve this Report

---

A sufficient number of these reports have been printed to furnish every interested citizen with a copy. An effort has been made to get them into the hands of the voters in advance. It should be borne in mind that if copies are left at home there may not be a sufficient number at the hall to go around on town meeting day. This year or any year it is desirable for you to have a copy of the annual report as soon as issued. It is also important for you to preserve it and bring it with you town meeting day morning.

## Report of Town Clerk

---

From Jan. 1, 1922 to Jan. 25, 1923

Number of births recorded,	24
Number of deaths recorded,	29
Number of marriages,	14

Respectfully submitted,

GUY C. NUTTER, Town Clerk.

## Librarian's Report

---

To the Trustees of the Stewart Free Library:

I have the honor to submit the 22nd annual report of the Stewart Free Library for the year 1922.

The number of volumes in the circulating library Dec. 31, 1922 was 7766.

During the year there has been a gain of 209. This is a small gain but under the present conditions this is probably a fair number of additions. The total additions include 25 received by gift, 24 by binding periodicals and 160 bought.

Number of volumes in the private library 6583, making a total of 14,349 volumes.

The number of books loaned for home use was 12,066, making an average circulation of 116 books a day. The card holders number 702.

This is an unprecedented yearly growth, yet however the increase is not an increase in the use of fiction at the expense of non-fiction, but each year the public are demanding a better class of reading. This is demonstrated in our increased circulation of magazines. One day 67 of our circulation consisted of magazines, and the call for them is steadily increasing.

It is often a question in my mind whether our townspeople fully realize the advantages which our splendid library offers. I wonder if they know that among the 113 free libraries in the state that our library ranks 17 in size. This is indeed a record of which to feel proud.

During the year we have had gifts of books from the following: Mrs. Abbie Burton, Mrs. Pearl Cougle, Mr. Clarence Prescott, Mrs. Ethel B. Clark, Miss Jeanette Winchester, Mr. and Mrs. L. E. Hutchins, Miss Mary Galvin, Miss Ella Veazie, Mr. and Mrs. J. H. Winchester, W. L. Pushor, Mr. and Mrs. F. E. Perkins.

Their generosity was appreciated and I wish to extend thanks.

Our library has the reputation of being a rich library, but the advance in prices of everything pertaining to its maintenance leaves us with a very meagre book fund. For this reason donations of books or pictures are very acceptable. We are not able to supply the demands of our patrons. Upon request I have recently received two of the State traveling libraries.

The first part of the year I sent out a questionnaire to all our ex-service men, asking for their military record, as I know that in future years this will be a valuable asset to the library. Up to the present time I have received only two replies. I wish that each one of our boys would co-operate in trying to have a complete record on file.

The juvenile department has been under the direction of Mrs. Zelda Emerson. Two hours every Saturday afternoon is devoted to story and kindergarten work with the children. Not only are the children entertained and instructed, but the reaction upon their use of the library is very noticeable. The average attendance is about 20.

At the present time the rural schools are without traveling libraries, but if there are any teachers who would like to have a library, I would be very glad to make one up for them.

Respectfully submitted,

EDNA A. HUTCHINS,

Librarian.

**REPORT OF TREASURER OF THE BOARD OF  
TRUSTEES OF STEWART LIBRARY BUILDING**

J. W. Mullen in account with Stewart Library Building:

**Dr.**

To amt. received for rent of hall,	\$ 177 50
library fines and cards,	21 50
	<hr/>
	\$ 199 00

**Cr.**

By paid Guy C. Nutter, Town treas.,	\$ 199 00
Respectfully submitted,	
J. W. MULLEN, Treasurer.	

# Report of School Committee

---

We herewith present our report for the year ending Feb. 1, 1923.

Our schools during the past year have seemed to us quite satisfactory. An epidemic of whooping cough has cut down the attendance greatly during the winter term. This will reduce, somewhat, the amount to be received from the state for coming year.

The alterations on Bond schoolhouse voted for at town meeting of 1922, have been completed.

In the line of general repairs, the interior of Town Farm and Center houses have been thoroughly renovated, part of chimney at Bond house rebuilt, and minor repairs at other rural schools. We have graded the grounds at village school, using one hundred and ten loads of gravel and purchased woven wire fencing for yard.

We have placed two thousand dollars (\$2,000.00) additional fire insurance on this property, making a total of six thousand dollars (\$6,000.00) protection.

We would like to paint exterior of some of our schoolhouses this coming year.

The Maine Legislature in 1921 passed the following law in regard to toilets for school buildings, requiring that if we use earth closets that they be located in attached buildings with separate compartments for sexes, accessible by separate ventilated passage ways

from school room or corridor. Vaults must be at least ten feet from nearest wall of schoolroom and in that part of building farthest from schoolroom. This law will come into effect on Sept. 1, 1924.

So we advise that Center and Town Farm out-buildings be altered this year to comply with this law. The funds for same may be taken from general repair money.

We wish to thank our former Superintendent Mr. Wass, the present superintendent, Mr. Small, our teachers, and all who have aided us.

Appropriations recommended:

Common schools,	\$ 6,000 00
Text books,	500 00
School supplies,	300 00
Repairs,	900 00
Music,	400 00
School Physician,	150 00
High school,	3,400 00
Aside from instruction,	300 00

Respectfully submitted,

DR. J. J. McVETY,

R. E. IRELAND,

R. W. QUIMBY,

Superintending School Committee.

# Report of Superintendent of Schools

---

To the Superintendent, School Committee and Citizens  
of the Town of Corinna:

Ladies and Gentlemen:

It is with pleasure that I submit to you my first annual report of the condition, needs and progress of your schools. In presenting this report it needs must cover only from August 28, 1922, the date of my election. It has been my purpose to carry out the plans of my predecessors, making slight changes where I deemed best. I believe too radical changes do not bring always best results.

In the management of a school system two questions, each of equal importance, must be considered. First, what is for the best interests of the child? Second, how economically for the community can the best be secured for the child? The schools of today are better equipped than those of the past and yet many improvements can yet be made.

I ask of you, the citizens of Corinna, your earnest co-operation. Visit your schools and then your criticism will be solicited. An interested community results in a better school. A friendly visit to our schools is a source of pleasure to our teachers and pupils. I sincerely believe the teachers and schools would be encouraged and some good come to you.

## CORINNA UNION ACADEMY

With the beginning of the Fall term, Mr. Scott returned to this school as principal. He is an excellent instructor and his fine work deserves commendation.

The assistant teachers, Miss Ross and Miss Smith have been retained. Their work has been entirely satisfactory. I sincerely believe that this department of your school system has been under better control, better work done and better spirit shown than in the past years.

Owing to the large enrollment the building has been crowded and new seats have been placed in the main room of the building.

I wish to call your attention to the report of Mr. Scott.

## VILLAGE SCHOOLS

We have retained the same teaching force in our village schools which we had last year. Miss Blaisdell has continued her good work with the first and second grades and has kindly helped out by teaching a part of the third grade this year. Miss Thompson has had a very large school, too large for her to accomplish the results which she is capable of obtaining. She is a very conscientious teacher. Miss Sewall and Miss Brown have carried on their good work of the past years in their respective rooms. I believe that you have a very capable corps of teachers in this building and their services should be secured for another year. I am indeed grateful to Mr. Richardson and Miss Stone for their willingness to serve as substitute teachers during the past years.

The village grade building is quite crowded at present and if there is further congestion in the future, necessary arrangements will have to be made for the accommodation of the pupils.

## RURAL SCHOOLS

The teachers who are teaching your rural schools are all teaching their first year in the schools except two, Miss Potter and Miss Campbell.

Miss Bennett taught the Pleasant Vale school during the fall term. Her work was entirely satisfactory. At the beginning of the term there was an enrollment of ten pupils. One family moved away later, making an enrollment of seven pupils. Owing to the small enrollment and cost of maintenance this school was closed at the end of the Fall term, and the pupils are being conveyed to the village schools. I do not recommend consolidation of schools where conditions are not favorable for it, but I do believe in this instance the pupils will be benefited by being under better trained teachers and in larger classes.

At the Center school Miss Potter has continued her most excellent work. She is a very capable and conscientious teacher. During the Fall term there was an enrollment of forty-seven pupils. No teacher of a rural school can do justice to such a large school. Miss Marguerite Ranney ably served as an assistant teacher in this school during the Fall term. With a smaller enrollment Miss Potter is carrying on the work. I would suggest that if this large enrollment continues in this school that necessary repairs be made and this school be converted into a two-teacher school.

Miss Foss has been teaching the Town Farm school. Although she is teaching her first year, she is proving herself to be a very capable teacher.

Miss Oliver and Mr. Ulmer are doing good work in the Ridge and Bond schools.

Miss Campbell is teaching her second year in the Morse's Corner school and is conducting a very successful school. She is receiving the hearty support and good will of the parents in her work.

I urge that efficient teachers be placed and retained in your schools. The changing of teachers every year prevents the maintenance of a high standard in your rural schools. The child who goes to school in your rural schools should receive, but does not, an education on a par with that of the village child.

### REPAIRS

During the past year the Town Farm and Center school rooms have been papered and painted. Mr. Quimby with his paint brush has certainly improved the appearance of these two rooms. I would suggest that next year the toilets of these two buildings be repaired to conform to the State Law which becomes effective September 1924.

The Bond schoolhouse has been remodeled into a modern school building. This building now needs inside painting.

The village school building yard has been graded and in the spring will be enclosed with a fence, which will add to the attractiveness of the lot.

### MUSIC DEPARTMENT

At the beginning of the school year we were unable to secure the services of Miss Thorne. We were fortunate, however, in securing as music supervisor for this year, Miss Ferne Webber. She is working hard to maintain the high standard of music in your schools.

I wish to express my appreciation of the help given me by Mrs. Mildred Cleveland who has served as helping teacher in your rural schools during the past year. I believe the teachers of your rural schools have been benefited by her visits.

### SCHOOL PHYSICIAN

Owing to the small amount appropriated in 1922, we have been unable to secure the services of a school

physician for this year. This is a matter of utmost importance to you, and should receive your hearty support. Every child is entitled to a sound mind with a sound body. By a medical examination yearly many physical defects will be discovered and remedied. In making your appropriation for another year I hope that you will see fit to raise the small amount which we ask for.

In closing my report I want to make plain that I realize the burden of taxation which you have to bear, but I feel every cent which you spend on your schools is a good investment. We are all working for a common cause, the best education obtainable for your boys and girls.

I wish to thank the school committee and trustees of the Academy for their co-operation, and I sincerely appreciate their confidence in me, I am indeed grateful to you, the citizens of Corinna for the favors shown me during the past year. I can sincerely say that it has been a pleasure for me to work with the teachers of your schools during the past year.

Respectfully submitted,

ELMER O. SMALL.

Feb. 21, 1923.

To Superintendent Elmer O. Small:

Herewith I submit the annual report of Corinna Union Academy. In June, four pupils were graduated. In September 74 pupils were registered. Of these 34 are boys and 40 girls. At present there are 17 pupils attending from other towns.

Arranged in order of classes all those registered are as follows:

	Seniors	Juniors	Sophomores	Freshmen	Total
Boys	6	4	9	15	34
Girls	10	9	9	12	40
Total	16	13	18	27	74

Arranged according to studies they pursue they are as follows:

American History and Civics,	16
Ancient History	14
Bookkeeping,	22
Commercial Arithmetic,	17
Commercial Geography,	17
Commercial Law,	11
English,	74
French,	30
Mathematics,	16
Science,	28
Shorthand,	12
Typewriting,	21
Latin,	16

The desks in the main room have been re-arranged so as to increase the capacity by ten, twenty new ones being put in, one half of them to replace the old and unsuitable desks.

Some small repairs have been made on the furnaces, and the piping has been re-arranged with the result that the building is now suitably heated in the coldest weather. This improvement is but temporary, however, as the furnaces are very old and should be replaced before long.

The sum of \$42.00 was cleared on an entertainment in Stewart Library hall. This was through the effort of Mr. J. H. Winchester, to whom our thanks are due. This money is being used for school apparatus. Apparatus and laboratory supplies are also being furnished from the regular fund.

The school day is divided into eight 40 minute periods, and all the teachers are doing full time class work.

The attendance has been good except for the month of January when the inclemency of the weather and the prevailing colds reduced it somewhat.

In athletics, the boys' basketball team has represented the school in a creditable manner, though the difficulty of travel has been a hinderance to the schedule. At present an association of high schools and academies in this section is being organized for the promotion and guidance of school athletics. Our academy is to be a member.

I wish to express my thanks to my associates, Miss Ross of the language and history department, and to Miss Smith of the commercial department, and to Miss Webber, the music teacher, in their readiness at all times to co-operate. And to yourself and the members of the joint board I wish to express my thanks for your interest and helpfulness.

J. A. SCOTT, Principal.

---

To the Superintendent of Schools, the School Board and the Citizens of Corinna, I present my school music report:

The educational ideals of the present day, influenced by psychological research and child study, have brought about many changes in elementary school standards, aims of educators, and methods of teaching.

There is no subject in the school curriculum today more important than music. The sight translation of a page of music requires a thorough knowledge of the fundamental principles as expressed in staff notation; highly developed powers of concentration to enable related lines of thought to be carried with accuracy; the ability to make rapid decisions; and a will power under perfect control.

Like language, music study has two phases—the doing (singing or playing) and the listening, or hearing. Since not many, proportionately, are to be art-

ists in music, and since most people derive greatest enjoyment from music through hearing it and through joining in mass singing, this side of the training should be emphasized.

Children of all ages should love to sing and to hear good music. Through this interest they should be led step by step to reading music and to analyzing it. It is a means of expression, it stimulates intellectual activity which carries over into other school subjects and furnishes a wholesome pleasure for leisure hours especially for those who in childhood have learned to know and love it.

In looking over the work I consider that the citizens of Corinna may be proud of the ability of their boys and girls at school to read music, their appreciation and understanding of the elements that go to make up music. Credit is due Miss Gertrude Thorne and the faithful work of the room teachers. I wish to express my appreciation for the everyday work done by the teachers and their co-operation in the music work this year.

Plans have been made for an entertainment to be given in the spring term. The grammar and high school will combine for this.

The orchestra at the Academy has put in steady practice and has nearly completed one set of books.

In the chorus work of the boys and girls at the Academy, a splendid working spirit is shown. At present this effort is concentrated on the cantata "The Landing of the Pilgrims."

Many songs have been taught in the grade and rural schools, appropriate for the age of the child. The technical side of the subject is kept in mind. In general the plan is to develop a discriminating taste and an appreciation for the best.

This year goes on record as one of repeated

storms. I have found it difficult in going about, and at times have mailed lesson plans.

The result of music study in the public schools should carry over into the home, the church and the general social life of the community.

During the Great War music preserved the morale of the men at the front, in the camps, and at home. General Pershing says that to the soldier music is as necessary as food and clothing. That morale is just as necessary now in the everyday life of the country in the life of all the people.

Respectfully,

L. FERNE WEBBER.

# Town Warrant

## STATE OF MAINE

County of Penobscot. ss.

To M. L. Flanders, a Constable in the Town of  
Corinna, County of Penobscot, State of Maine,

### GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said town of Corinna, qualified to vote in town affairs, to meet in Town hall in Stewart library building in said town of Corinna, on Monday the twelfth day of March A. D. 1923, at nine o'clock in the forenoon, to act on the following articles, to wit:

Art. 1. To choose a moderator to preside at said meeting. *G. L. Strayer*

Art. 2. To choose a town clerk for the year ensuing. *R. L. Strayer*

Art. 3. To consider and act upon the reports of the municipal officers. *accept*

Art. 4. To choose three or more selectmen. *3 or more*

Art. 5. To choose three or more assessors of the taxes. *3 or more*

Art. 6. To choose three or more overseers of the poor. *3 or more*

Art. 7. To choose one or more members of the school board. *3 or more*

Art. 8. To choose a town treasurer. *R. L. Strayer*

Art. 9. To choose a road commissioner, vote his compensation, or act on anything relating thereto. *A. H. Bell, actual - 4.50*

Art. 10. To choose a fire chief. *Maurice Flanders.*

Art. 11. To choose constables. *M. L. Flanders, W. B. Flanders, S. W. Flanders.*

Art. 12. To elect one or more trustees of Stewart library building, or act on anything relating to the board of trustees. *E. R. Clark.*

Art. 13. To see if the town will vote to make all property taxes due the town of Corinna for the year ending, payable to the collector of taxes as follows: twenty-five per cent to be paid on or before June 1, 1923; twenty-five per cent on or before September 1, 1923; twenty-five per cent on or before November 1, 1923; twenty-five per cent to be paid on or before December 15, 1923; or act on anything relating to the collection of taxes. *according to provisions.*

Art. 14. To choose a collector of taxes, determine his compensation, or act on anything relating thereto. *R. L. Clark.*

Art. 15. To choose all other town officers as required by law to be chosen at the annual meeting. *left to select time.*

Art. 16. To see what disposition the town will make of the unexpended balances and overdrafts of the several departments of the year 1922. *re-appropriated.*

Art. 17. To see what sum of money the town will vote to raise and appropriate for the support of poor. *900.*

Art. 18. To see what sum of money the town will vote to raise and appropriate for the support of common schools. *6000.* *of said money for school building*

Art. 19. To see if the town will vote to authorize the Superintending School Committee to enter into a contract with the trustees of Corinna Union Academy to pay said trustees tuition for all children in said town of sufficient ability, who shall be qualified to do High school work, and who shall attend Corinna Union Academy. *Instruction Committee.*

Art. 20. To see what sum of money the town will vote to raise and appropriate for instruction in free High school. 3400.

Art. 21. To see what sum of money the town will vote to raise and appropriate for free High school aside from instruction. 300.

Art. 22. To see what sum of money the town will vote to raise and appropriate to purchase apparatus and equipment for use in free High school. 50.

Art. 23. To see what sum of money the town will vote to raise and appropriate for the purchase of school books. 500.

Art. 24. To see what sum of money the town will vote to raise and appropriate for the purchase of school supplies and incidentals. 300.

Art. 25. To see what sum of money the town will vote to raise and appropriate for the repairs of school buildings. 900.

Art. 26. To see what sum of money the town will vote to raise and appropriate for the purchase of flags and poles for all schoolhouses as provided in Section 52, School Laws of Maine. Pass.

## Preserve This Report

---

A sufficient number of these reports have been printed to furnish every interested citizen with a copy. An effort has been made to get them into the hands of the voters in advance. It should be borne in mind that if copies are left at home there may not be a sufficient number at the hall to go around on town meeting day. This year or any year it is desirable for you to have a copy of the annual report as soon as issued. It is also important for you to preserve it and bring it with you town meeting day morning.
